EXPERIENCE

Checkout my portfolio and sample projects on this link:
www.stewartokwaro.com

From January 2021 TO Current.

Freelance Web Developer

- Designed and built sites using latest technologies such as NextJs.
- Researched and improved overall site interaction and design.

FROM MARCH 2020 TO DEC 2021.

Worked at ErrandsGuy as a full-stack software Engineer. ErrandsGuy was a logistics e-commerce company operating in Nairobi, Kenya. I oversaw the development of the webapp and the smartphone app. The platform was built with React/Django. The company closed its doors due to lack of sufficient funding .

FROM JANUARY 2019 TO DEC 2019

Worked in the position of design Engineer heading the fabrication department at Farm Engineering Industries Limited (FEIL). FEIL deals with the manufacture and distribution of agricultural, forestry, mining, construction and commercial transport equipment also selling tractors and trailers with their corresponding component parts

FROM 19TH JUNE 2018 TO MARCH 2019

Worked as a CAD design Engineering consultant on contract with AUTOSPRINGS East Africa PLC.

FROM AUGUST 2018 TO FEBRUARY 2019

Worked as the project Engineer for Edgetech enterprises where I have been able to work as a piping and Instrumentation supervisor ensuring plant installation piping is done properly for future safety and efficiency at H.B Fuller Kenya. Also supervised construction of Platforms for the machinery on the ground floor and first floor.

FROM 8TH MAY 2018 TO 7th AUGUST

Worked as an intern at Isuzu East Africa (formerly General Motors east Africa), in the product development engineering department.

FROM MAY 2013 TO SEPTEMBER 2017; worked as the finance and marketing project director of Liberty Theater Arts.

Computer Programming and Analytical skills

- Programming Languages: JavaScript | Python.
- Frameworks/Libraries: NodeJS | Express | ReactJS | Flask | Django
- Databases: Postgres | SQLite | MySQL | MongoDB
- Technologies: Redux | Git | CSS | HTML

Engineering and Technical Skills

- Proficient in using lathe machine and CNC machines.
- Proficient in AutoCAD, Revit and Inventor engineering software.
- Excellent with Excel and Microsoft word.

EDUCATION

FROM AUGUST 2020 TO JANUARY 2021

Enrolled for freeCodeCamp; an online coding bootcamp and gained the following full stack developer certifications :

- **Responsive Web Design Certification.**
- **JavaScript Algorithms and Data Structures Certification.**
- **Front End Development Libraries Certification.**
- **Data Visualization Certification.**
- **Back End Development and APIs.**

University (MAY 2012- DECEMBER 2018)

Bachelor of Engineering in mechanical engineering at Technical University of Kenya.

JANUARY 2009-2010. SAINT PETER'S BOYS HIGH SCHOOL

Kenya Certificate of Secondary Education (K.C.S.E). Mean grade of A-(minus).

JANUARY 2004-2007 UPPER HILL BOYS HIGH SCHOOL

JANUARY 2001-DECEMBER 2004 LAN'GATA ROAD PRIMARY SCHOOL

Kenya certificate of primary education (K.C.P.E). Mean grade of A (412/500) marks.

CERTIFICATIONS

- **Google Project Management Certificate.**
- **Fundamentals of Digital marketing -Google Digital skills for Africa.**
- **PSM 1 (Professional Scrum Master 1).**
- **PMP (Project management professional)- Pending, scheduled for the certification exam from PMI.**
- **Graduate Engineer registered with EBK.**

LEADERSHIP

I have worked as the head of department (H.O.D) of the design and fabrication department at farm engineering Industries. Worked as a project manager for Edgetech Enterprises and also for Dima engineering enterprises. Co-founded Liberty Theatre Arts where I worked as the Finance and marketing director.
